"When I saw my son walk for the first time, after months of falls, failed attempts, bangs and keep on trying, I understood that there was a time when we all had that force which we forget with the passage of time.

Children are the most authentic beings you can find. They are wild, they are tender in essence and they are full of an exorbitant truth; they are not afraid of making mistakes, they are free and expressive, and everything they do is full of art.

If you look at a child you almost understand everything you were and have not allowed yourself to be for a while.

This tour is the result of watching my son grow, and of my growth at his side. It is all those sound and melodies that try to shape what I have felt and have inspired me from him and from life through him. It is an encounter with the child that I could not be and would have dreamed being. It is a tribute to those human beings who are as free as a free bird.

TEATRO CERVANTES | ECHEGARAY DE MÁLAGA

This tour is full of dinosaurs, robotic squids, time machines, flying pianos and bilingual mimes. This album is what I had forgotten and that is so powerful: the magic of finding out that each day and each path is fascinating, whatever they bring.” Ara Malikian
